

Designer Consignors

Pricing Guidelines

These are just suggestions; as the seller, you will ultimately decide the price for items. Remember that items priced too high will not sell, so you will have leftover items after the sale.

Designer/boutique brands will sell for more, size 0-6 months for less. In the infant sizes (0 - 12 mos), there will be more "competition", so price accordingly if you want your items to be the ones that sell.

Children's Clothing and Accessories

(small sizes are on the lower end of the guideline)
