

VOLUNTEERS

We encourage you to consider giving even an hour or two of your time, maybe when you drop off your items, maybe another time. The sale is dependent on volunteers. With our new schedule, we have a time crunch for set up and a need for more workers in a shorter “window” to help the sale go smoothly.

We can also use your friends or spouses who may not be consignors but are great workers. If you have an older child/teen who also is able to help, please let us know! We do not allow young children to be brought with you while you are working.

Here are the days and the number of workers needed:
